Your Reflections

Thank you for taking part. This short form asks for your honest reactions to today's session. It should take about 10 minutes. There are no right or wrong answers — we want to know what was true for you.

How to answer

Each numbered statement below is a sentence about your experience. For each one, mark how true it feels for you right now using the same scale you used in the app:

- AF** — Absolute False (totally untrue for me)
- F** — False (mostly untrue)
- B** — Balanced (a bit of both, or it depends)
- T** — True (mostly true)
- AT** — Absolute True (totally true for me)
- ?** — Uncertain (I really don't know)

You may notice some sentences sound like the opposite of one earlier in the form. That is on purpose. Just answer each one based on how it reads to you in the moment.
